

# Just Click & Print

Radically simplify printing with  
HP Click Print Solutions

# Save time with these simple job-submittal tools for large format printing

## Reliable

Simple, confident printing

## Efficient

Easy, guided flow to your final print

## Do more

Produce a wide range of applications

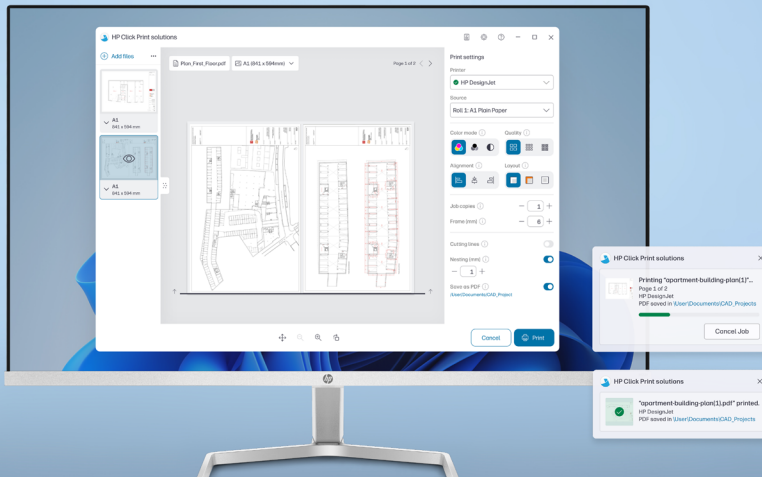

### HP Click App

Print from the application available on Windows & Mac,<sup>4</sup> and enables real-print preview and driverless printing

### HP Click Driver

Print directly from any Windows 11 program<sup>2</sup>, including common CAD applications. Get all the benefits of HP Click software with the world's most advanced large format driver<sup>3</sup>

## Whats in it for you?

Seamless printing with HP Click Print solutions software:

Available as a driver or desktop app

### Interactive real-print preview

Print confidently and avoid surprises. Get alerts before printing potential errors. Forget about reprinting until you get it right.

### Project printing made easy with drag and drop interaction

Predefine print settings and easily print your files (PDF, JPEG, TIFF, DWF) by simply dragging and dropping them. It even supports multi-file printing.

### Save time, ink, and paper waste

with PDF error checking, alerts, and auto-nesting.

### Get to your final print more quickly

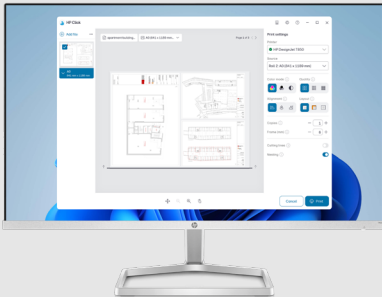

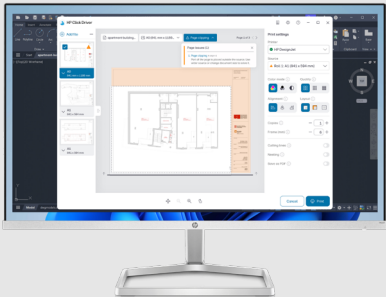

HP Click Driver is integrated in your work-flow. Print directly from any Windows 11<sup>2</sup> program, including common CAD applications.

### Print and save-to-PDF at once

Save-to-PDF<sup>5</sup> when you print and avoid extra steps.

<sup>1</sup> HP PageWide XL PostScript/PDF Upgrade Kit required for HP PageWide XL 4000/4500 printer series. See HP Click Driver and HP Click App eligible products.

<sup>2</sup> Windows 11 is a trademark of the Microsoft group of companies.

<sup>3</sup> Based on a competitive comparison of the HP Printer Driver and comparable competitive printer drivers that represent the majority of the market share as of 2024 according to IDC. HP Click Driver performs all steps in one: providing a real-print preview, PDF error detection with warnings, and print settings all together, unlike competitors, which are not integrated. The comparison was performed by Sogeti in July 2024.

<sup>4</sup> Available for Windows 7 and later, and for macOS 10 and later. The last release supporting Windows 7 and 8 was in 2021.

<sup>5</sup> Generates a PDF of the original document as specified on the source application printing dialog settings, not reflecting any modifications made within our preview software. This functionality is only available on HP Click Driver.

<sup>6</sup> Available on the HP Click Driver for the HP DesignJet T850/T950 plotter series. Available on the HP Click App for the HP DesignJet T850/T950 plotter series, HP DesignJet Z6 Pro printer, and HP DesignJet Z9<sup>+</sup> Pro printer.
