

Drive business transformation

HP Managed Print Services

As your business transforms, HP Managed Print Services (MPS) is your trusted global partner. Let HP help you grow with the cloud, provide adaptive workplace solutions, and unlock return on innovation.

Integrate HP MPS into your evolving vision for the workplace

The disruption of the workplace is an opportunity to reimagine the future of your business. In fact, in response to upheaval on nearly every front, many businesses are rethinking their IT strategies and accelerating their digital transformation plans.

HP Managed Print Services enables users to print and digitize information from virtually anywhere on any device, without compromising the security of your organization. A key component of digital transformation is the shift to the cloud, where you can create a flexible, agile business environment capable of accelerated growth.

As a global technology and services provider, HP is acutely aware of your printing and imaging requirements, and the potential to transform your business into an adaptive workplace, built for the future.

With a portfolio of devices optimized for the way people work today, you can rely on HP to match the right device to the right user. And with the planet's most comprehensive carbon neutral MPS offering,¹ HP can help you meet your sustainability goals without disrupting your business.

Where work happens has changed. What hasn't changed is the need for businesses to move forward. HP is here to help.

“Most providers can fix hardware; very few can enable us to run our business. HP capabilities are essential to succeeding in any managed print outsourcing services.”

Abby Hossein, Chief Technology Officer, Mercury Insurance Group

HP MPS helps deliver carbon neutral printing without disrupting your business. Optimize print usage and measure progress towards reducing emissions. Inspire teams and partners with your commitment to fighting climate change and supporting communities.

RETURN ON INNOVATION

Digital transformation drives business transformation through innovation—turning technology and data into a true competitive advantage.

Our secure, flexible MPS solution empowers agile, work-from-anywhere teams to move fast, grasp opportunities, and create value.

HP Managed Print Services—tailored to your business

It all starts with you. Your business objectives drive everything we do. Our consultative approach helps establish a service level agreement (SLA) that is aligned to your needs. We'll help implement a secure environment that delivers results today and work to continually optimize outcomes for the future.

Underpinned by the industry services framework of ITIL (IT Infrastructure Library) and PMP (Project Management Principles), HP provides strategic guidance to help organizations improve and evolve their print environment. With over 37 years of experience and leadership in the printing market, the industry's strongest, most comprehensive printer security,² and our unique combination of people, processes, and innovative tools, we have the expertise to cover all aspects of your global imaging and printing environment.

HP's comprehensive approach to MPS is delivered through flexible, modular service offerings that are organized into three stages: Design, Transition, and Manage. We allow you to select the level of involvement that's right for you—you can manage key components of MPS in-house, outsource some areas completely to HP, and take a co-management approach in other areas—whatever works best with your budget and resources.

Design
