

HP Proactive Insights

Stay one step ahead.

Drive fleet optimization across your environment with access to a breadth of insights,¹ helping you stay one step ahead of issues. With device telemetry easily accessible, HP helps you scale IT efficiency, maximize employee productivity, and create digital experiences that empower your people.

Help IT focus on what matters most.

Support your employees to do their best work possible by leveraging AI-powered insights¹ to provide the right devices for the job and help simplify IT operations.

Spot issues before the stop workflows.

Elevate employee productivity with simplified monitoring and management of your assets so you can proactively avoid disruptions and identify opportunities for improving your workflows.

Empower your people to elevate performance.

Create powerful digital employee experiences using scorecards, surveys, and benchmarking so your workforce can perform at their peak.

Unleash the full potential of your workforce.

Discover the right devices for employee workstyles.

Ensure your employees are paired up with the right devices to keep them going by refreshing when and where necessary based on an individual's device health and performance.

Manage your fleet across the workplace.

Make it easier on IT to manage your entire fleet by leveraging full visibility and transparency into your multi-vendor, multi-OS devices through a single dashboard.

Act on insights to boost workforce performance.

Improve employee performance and business operations by monitoring device health, performance, and security and addressing any needs based on actionable insights and analytics.

Predict potential failures before they have an impact.

Stay ahead of potential disruptions to your business with detailed analytics and notifications to help predict emerging device issues and failures that could result in employee downtime.

Put yourself in your employee's shoes.

Keep the workplace happy by evaluating employee experience surveys to identify areas of improvement and strategically plan resources to better support and motivate your employees.

The ultimate advisors to keep you ahead.

Maximize your investment in HP insights and analytics¹ with a data-driven managed service, providing greater visibility to enhance your employee experience. When HP manages your insights on your behalf, it gives back crucial time to your employees while delivering detailed analyses, recommendations, and results that improve the employee digital experience and boosts business growth.

One platform. All your services.

The Workforce Experience Platform² provides centralized access and self-service capabilities to IT administrators for HP products, services, and solutions. HP delivers direct access to your service experience, IT management functions, and actionable device intelligence,¹ including critical data and insights to help solve issues before they happen.

Access HP Proactive Insights in the Workforce Experience Platform today!

- 1 Select HP Workforce Solutions require an HP Insights agent for Windows, Mac, & Android, available for download at <https://admin.hp.com/software>. For full system requirements and services that require the agent, please visit <https://admin.hp.com/requirements>. The agent collects telemetry and analytics around devices and applications that integrate into the Workforce Experience platform and is not sold as a standalone service. Internet access with connection to the Workforce Experience platform is required. HP follows stringent GDPR privacy regulations, and the platform is ISO27001, ISO27701, ISO27017 and SOC2 Type2 certified for Information Security.
- 2 The Workforce Experience platform is for commercial customers and requires registration. To register for access, visit <https://admin.hp.com>. Some features and capabilities may require additional purchase of HP services and/or commercial hardware capable of supporting the HP Insights agent for Windows, Mac, & Android. Activation and restrictions may apply.

HP Services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service, or the HP Limited Warranty provided with your HP Product.
