In this business climate, there are many advantages to a “pay-as-you-go” business model when the focus is on outcomes. Paying on a usage basis puts the focus on your business results rather than equipment or transactions.

HP Jet Fusion 3D Printing Solutions are reinventing design and manufacturing. From accelerating design cycles, to running efficient volume production with repeatable part quality.

## Speed up your digital manufacturing transformation with HP 3DaaS<sup>1</sup>

### Predictable

Usage-based price per successful build<sup>2</sup> gives you certainty around your variable costs

### Convenient

Gain new operational efficiencies by simplifying supplies ordering and inventory management

### Affordable

Avoid up-front investment—and help align your costs directly with your revenue by paying monthly<sup>3</sup>

The HP subscription service has helped Avid manage the high-volume production 3D printing business and will allow us to continue to scale quickly, providing predictability to our cash flow, convenient management of our consumables, and better control of our workflow.
