

# HP EcoSmart black toner helps save energy when printing<sup>1</sup>

## Count on HP EcoSmart black toner

Print smart and help save energy in your office. Original HP Toner Cartridges with HP EcoSmart black toner deliver energy-efficient printing of premium-quality pages.<sup>1</sup>

When HP EcoSmart black toner became available in 2019, this new toner formulation contributed to customers using an average of 20% less energy when printing compared to predecessor printing systems not using HP EcoSmart black toner.<sup>1</sup>

In 2020, HP transitioned additional HP JetIntelligence platforms to the HP EcoSmart black toner formulation, enabling even more customers to experience the energy-efficiency of this advancement in low-melt toner technology.

Current Original HP Toner Cartridges with EcoSmart black toner and their predecessors:

ECOSMART PRODUCT	PREDECESSOR
HP 26/28	HP 80
HP 58/59/76/77	HP 80
HP 87	HP 55
HP 89	HP 55
HP 134/135/136/137	HP 17/18
HP 138/139/145/146	HP 30/31
HP 148/149/151/152	HP 80

This product enhancement exemplifies HP's ongoing commitment to sustainability by developing printing system features that improve efficiency and reduce energy use during printing for new and existing customers.

<sup>1</sup> HP calculations based on ENERGY STAR® normalized TEC data comparing the HP LaserJet 200-500 series with predecessor printing systems not using HP EcoSmart, updated June 2022.
