

## **HP Printing Supplies Recycling Policy Statement**

Hewlett-Packard conducts its supplies recycling program in a manner that is environmentally sound and complies with applicable regulatory requirements. This is consistent with our commitment to corporate citizenship, social responsibility and environmental sustainability.

In order to accomplish this, HP's printing supplies recycling policy requires that:

- all recyclable materials from HP original print supplies are recycled to recover their material values and to maximize recovery rates;
- all materials that cannot be recycled are recovered for energy or incinerated to minimize materials to landfill;
- all recycling services are conducted only at an HP-approved recycling facilities that comply with all applicable laws and regulations;
- all HP authorized recycling facilities track and report on cartridges processed in the recycling program.

HP works with its suppliers, customers, and other stakeholders to help improve our recycling performance and to share relevant information. HP also contributes to the development of sound public policy and business initiatives concerning computer and printing equipment recycling and end of life management.
