The image shows a screenshot of the HP Online Teaching Assistant drawing tool interface. The interface is dark-themed and features a central drawing canvas with a light gray grid. A blue callout box labeled "Élément du dessin" points to a light blue cross with four arrowheads pointing outwards, which is currently selected on the canvas. Above the canvas is a toolbar with various icons for drawing and editing. A blue callout box labeled "Barre d'outils" points to this toolbar. Below the toolbar, there are five callout boxes pointing to specific icons: "Insérer ligne", "Insérer forme", "Insérer texte", "Insérer Image", and "Faire un dessin". To the right of the toolbar, there is a blue button labeled "Enregistrer et fermer", with a callout box labeled "Enregistrer et insérer dans le document" pointing to it. The interface also includes a top menu bar with options like "Fichier", "Édition", "Affichage", "Insertion", "Format", and "Outils". A ruler is visible at the top and left of the canvas. On the right side, there is a sidebar with a "Partager" button and other settings. A callout box labeled "Toile du dessin" points to the drawing canvas area.
