

The screenshot displays the 'Assess' interface for creating a quiz. The top navigation bar includes 'Forms', 'Untitled quiz - Saved', and action buttons: 'Preview', 'Theme', 'Share', and 'Access to settings'. The main workspace is divided into 'Questions' and 'Responses' sections. A callout box 'Add form title' points to the 'Untitled quiz' header. Another callout 'Add question' points to a question entry field containing '1. Input your question title here'. Below this, 'Add possible answers' points to 'Option 1' and 'Option 2' fields, with 'Add option' below them. 'Add points' points to the 'Points:' field. At the bottom, 'Add questions' points to a '+' button, and 'Choose type of questions' points to a menu with 'Choice', 'Text', 'Rating', and 'Date' options. On the right side, callouts include 'Form creation', 'Form name', 'Answer display', 'Access preview', 'Change theme', 'Share form', 'Duplicate question', and 'Delete question'.
