

Access to settings

The screenshot shows the Google Meet homepage. At the top left is the Google Meet logo. At the top right, it displays the time '16:08', the date 'Wed, 7 Jul', and several icons: a help icon, a chat icon, a settings icon (circled in purple), a grid icon, and a profile icon. The main content area features the heading 'Secure video conferencing for everyone' and the subtext 'Connect, collaborate and celebrate from anywhere with Google Meet'. Below this is a blue 'New meeting' button and a text input field with the placeholder 'Enter a code or nickname'. A 'Learn more about Google Meet' link is positioned below the input field. To the right, there is a circular illustration of two people at a table with a large blue link icon above them. Below the illustration, the text reads 'Get a link that you can share' and 'Click **New meeting** to get a link that you can send to people that you want to meet with'. At the bottom of the page, there are three dots.
