Consulting and Training for Dev Teams

Hardware and Software Solutions

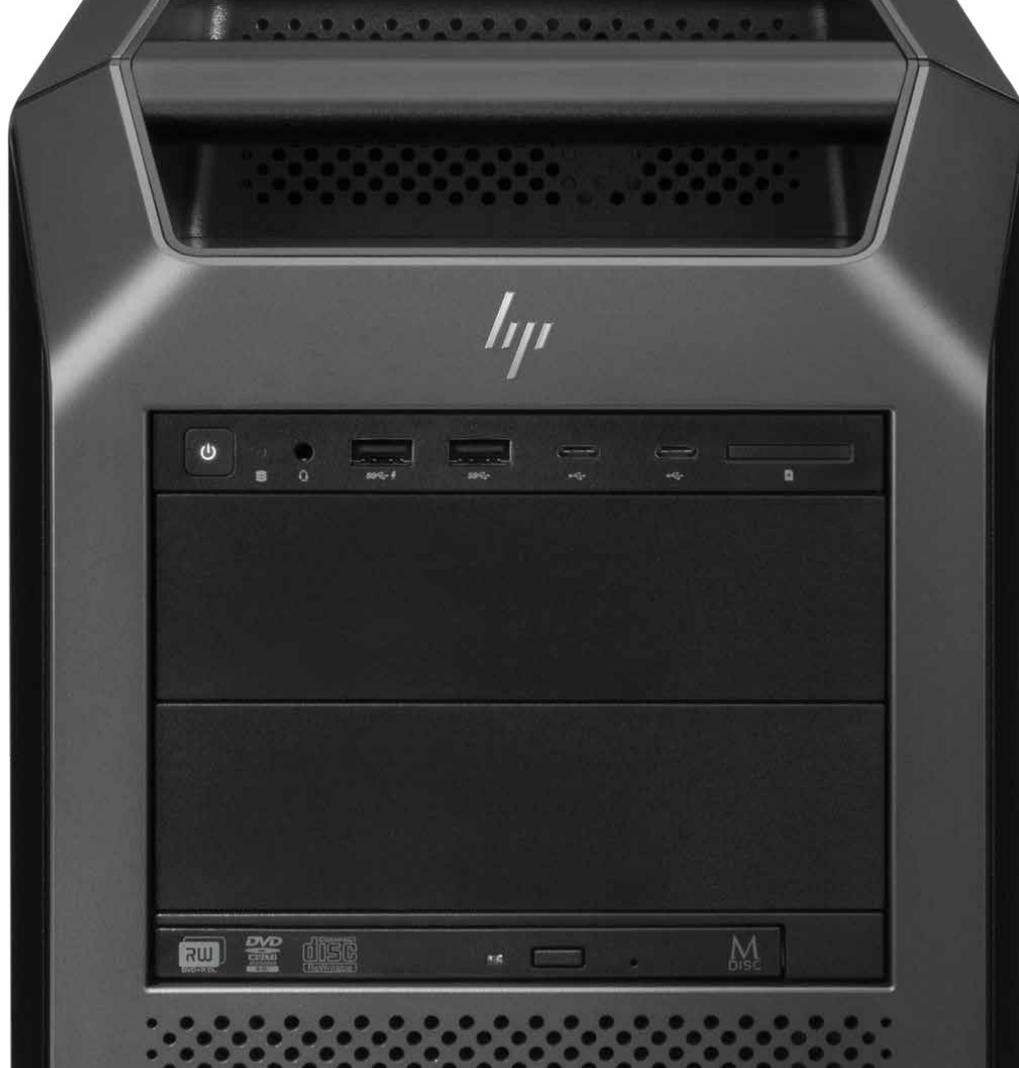

WHAT DO WE DO TOGETHER? THEIA AND HP PARTNER

Theia focuses on high visual fidelity and millimeter accurate visual experiences. HP and Theia Interactive are partnering to provide enterprise clients with custom virtual and augmented reality experiences as well as tools and training solutions designed to let teams build their own high-quality VR and AR content.

HP's VR Ready portfolio is ideal for developing and viewing real-time VR, and AR content. By combining HP's top-of-the-line hardware with Theia's expertise, experience, custom tools, and proprietary software solutions, we create amazing, high-fidelity VR and AR content for you, or train your teams to do it themselves.

HP AND THEIA

HP's powerful VR Ready hardware portfolio keeps Theia Interactive ahead of the curve with the innovation, high performance, expandability, and extreme reliability needed to deliver high fidelity VR and AR projects. HP's platforms are designed for tool-free, easy maintenance and include HP Performance Advisor and HP Remote Graphics Software.

“THE BEST VR EXPERIENCES NEED THE BEST HARDWARE. WE ARE THRILLED TO BE PARTNERING WITH HP TO BRING THEIR Z PORTFOLIO TO OUR CLIENTS. HAVING A CONSISTENT USER EXPERIENCE AND POWERFUL HARDWARE MAKES DEVELOPING VR AND TRAINING OUR CLIENTS A BREEZE.”

Mark Pullyblank, CEO of Theia Interactive

WHAT DOES THEIA DO?

SOFTWARE AND TOOLS

Optim - Our Unreal Engine toolkit solution. Solve development woes. Visualize project data. Speed up common tasks within the Engine. Intuitively automate and optimize workflows to save both time and money. Datasmith, CAD, and Unreal Engines files are effortlessly optimized with user-created rules, allowing for a quick and efficient workflow.

Theia Tools - A collection of management and software solutions for virtual reality, augmented reality, and 3D creation related issues. Our software suite focuses on both form and function. Modern, easy-to-use interfaces, beautifully constructed data visualizations, and solid functionality makes Theia Suite invaluable to Unreal Engine developers.

CUSTOM SERVICES AND CONSULTING

Custom Services - Theia Interactive builds custom, high fidelity VR and AR for enterprise clients who value our photo-real visual quality, our team's speed and efficiency, and our exceptional customer service.

Working from 3D plans, or other project files, our team of 3D artists and developers combine your vision with our visualization and programming skills, to create a beautiful custom VR or AR experience.

Our VR/AR experiences are game-changers, allowing everyone from clients to investors to end-users not only access to products or environments before they are built, but also offer full control inside our virtual world.

Consulting - Do you have sensitive files that can't leave your office? A tough visualization problem you just can't seem to solve? Have you made a solid investment in both HP hardware, and a talented team, and want to maximize their potential? No worries; we'll send our developers to you.

Theia's highly trained team of consultants will travel to your office to work with your development team, teaching them our tricks of the trade. We'll come up with solid solutions for your stickiest problems, and get you up to speed with all the tools you need to add to your arsenal to get the most of out of both your hardware, and your team.

IS VIRTUAL REALITY RIGHT FOR YOU?

START

DO YOU HAVE A COMPLEX PROJECT THAT PEOPLE HAVE A HARD TIME VISUALIZING?

YES

NO

VR ISN'T FOR EVERY PROJECT

DO YOU -
HAVE DETAILED 3D CONTENT?
HAVE MATERIALS AND LIGHTING?
HAVE A VR DEVELOPMENT TEAM?
HAVE TIME FOR MORE WORK?

YES

MOSTLY

NO

WHAT DO YOU NEED VR TO DO?

ONLY A SIMPLE VR WALKTHROUGH?
