

HP Supplier List

Below is an alphabetized listing of HP production suppliers and information about their sustainability practices. These suppliers represent 95% of HP's procurement expenditures for materials, manufacturing, and assembly at the time of publication. This list includes 16 final assembly suppliers, which may include contract manufacturers, electronic manufacturing service providers, and original design manufacturers, as well as commodity and component suppliers, for a total of 70 suppliers. HP is sharing this list with the intent of promoting transparency and progress in raising social and environmental standards in the electronics industry supply chain.
