Fluted Diamond Ornament

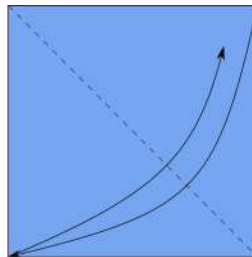

Fluted Diamond Ornament

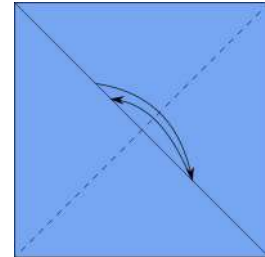

- ① Start with a normal origami square, pattern up

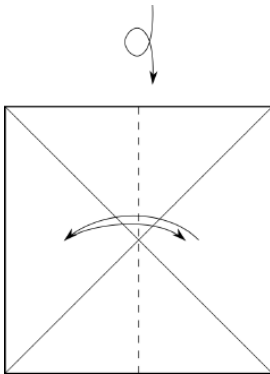

- ② Fold one diagonal, then unfold

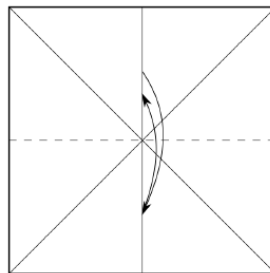

- ③ Fold other diagonal and unfold

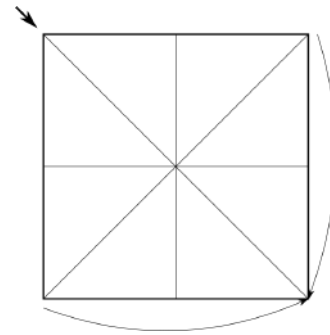

- ④ Flip over, and fold in half and unfold

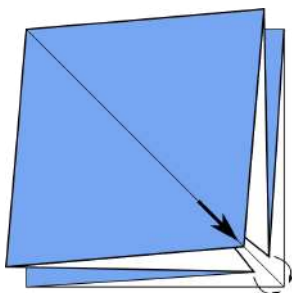

- ⑤ Fold in half the other way and unfold

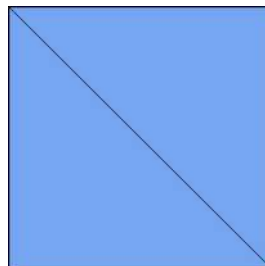

- ⑥ Press all other corners into the bottom right corner

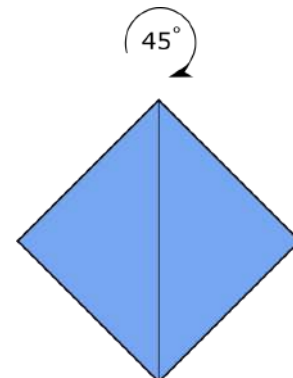

- ⑦ Continue to press corners inward as shown

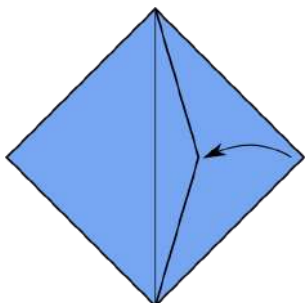

- ⑧ You should now have the Square Base

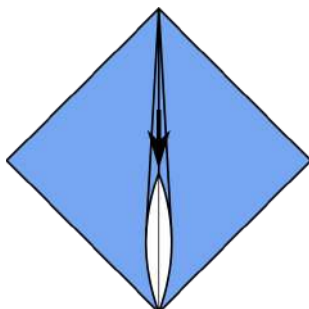

- ⑨ Rotate clockwise 45 degrees

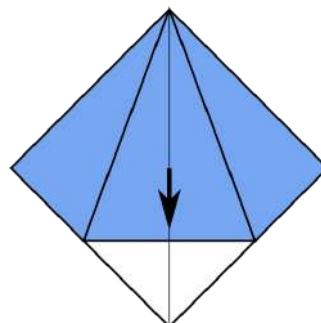

- ⑩ Lift top flap on right side up vertically

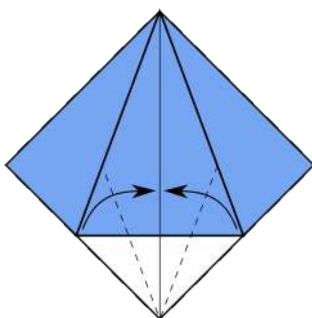

- ⑪ Press down on vertical flap so that it opens up as shown

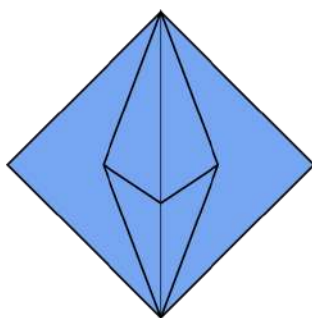

- ⑫ Continue pressing, then flatten out keeping center crease aligned

- ⑬ Fold both lower edges into the center crease

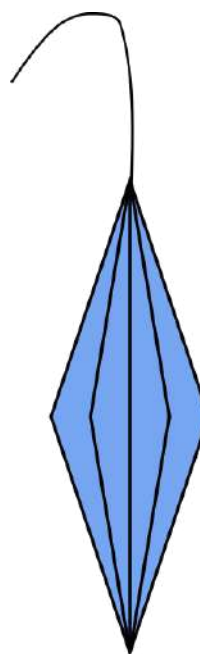

- ⑭ Model should look like this. Repeat steps 10—13 on three other flaps

- ⑮ Complete model. Bend all flaps out to make 3D

- ⑯ Refer to hanging instructions to attach a paper clip hook. Awesome work!

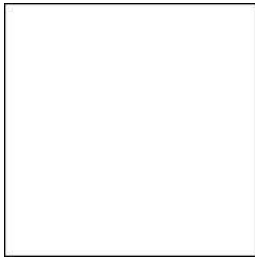

Christmas Tree Ornament

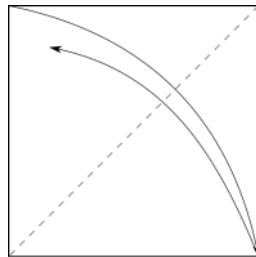

Christmas Tree Ornament

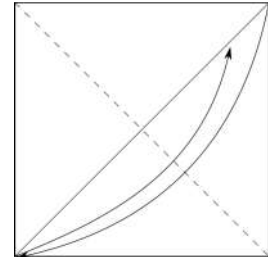

- ① Start with a normal origami square, pattern down

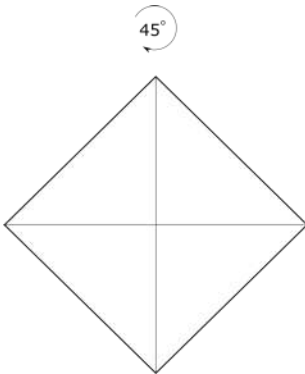

- ② Fold one diagonal, then unfold

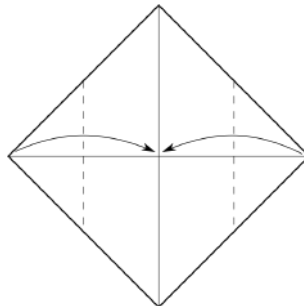

- ③ Fold other diagonal and unfold

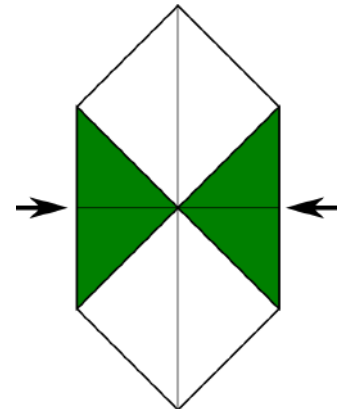

- ④ Rotate 45 degrees

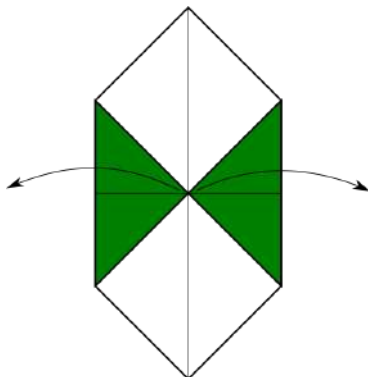

- ⑤ Fold two opposite corners to center, DO NOT crease

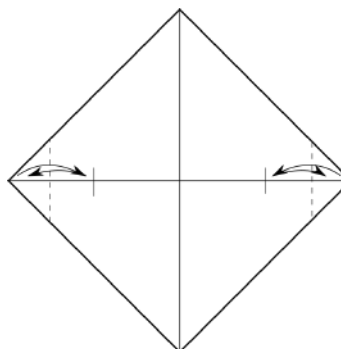

- ⑥ Press where the arrows indicate to "mark fold"

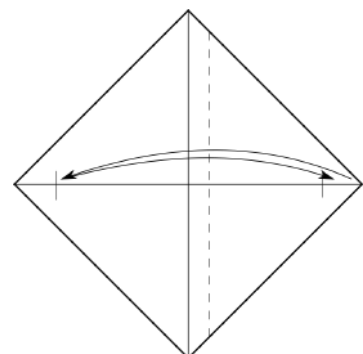

- ⑦ Unfold

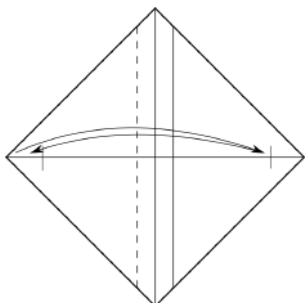

- ⑧ Fold same corners into mark. Again, mark fold

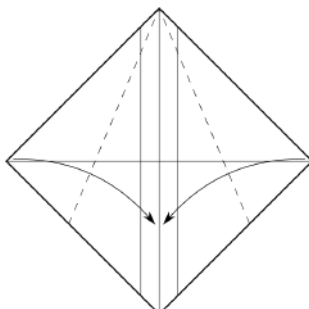

- ⑨ Fold right corner to far left mark fold, unfold

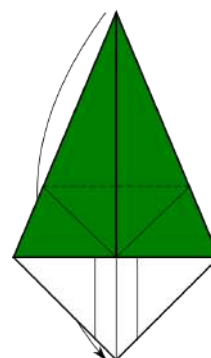

- ⑩ Fold left corner to far right mark fold, unfold

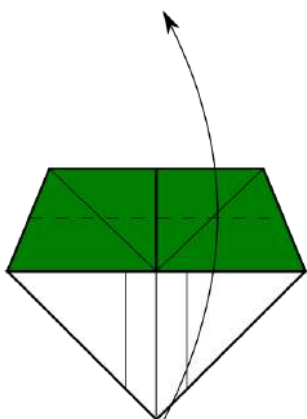

- ⑪ Fold upper left and right edges to center crease

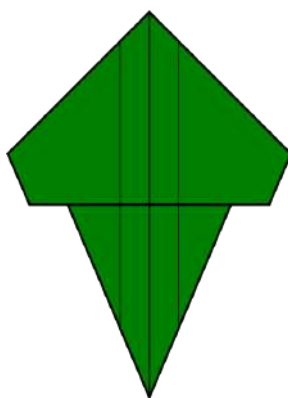

- ⑫ Mountain fold top point back to bottom point crease

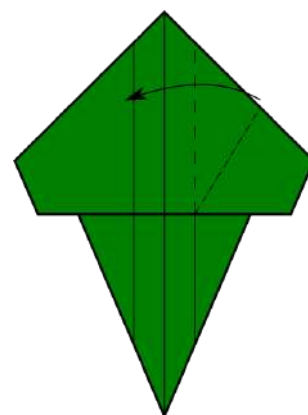

- ⑬ Fold bottom point up along line halfway through colored portion of paper

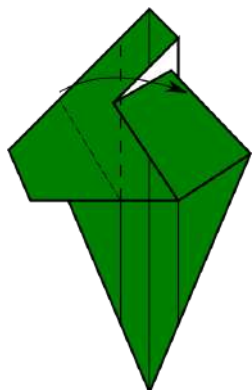

- ⑭ Model should look like this.

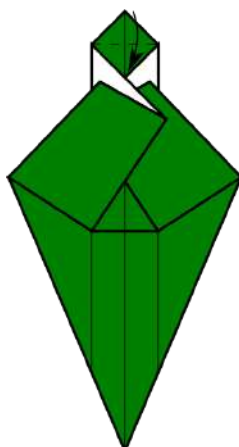

- ⑮ Fold as indicated, notice this step requires both mountain and valley folds

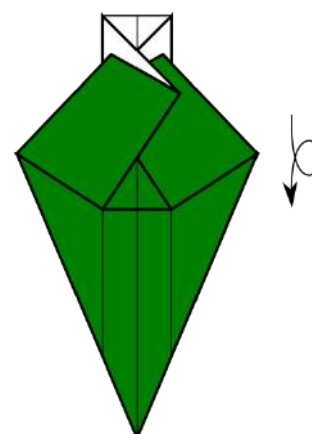

- ⑯ Refer to right side to ensure prior step was correct. Repeat on left.

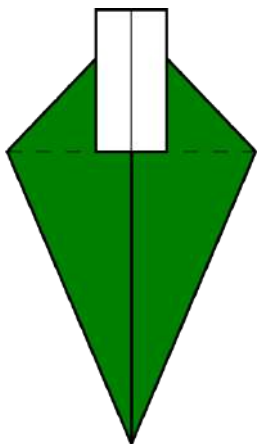

- ⑰ Fold top point down to complete the trunk.

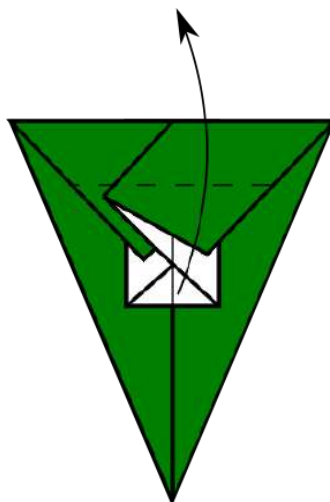

- ⑱ Flip over

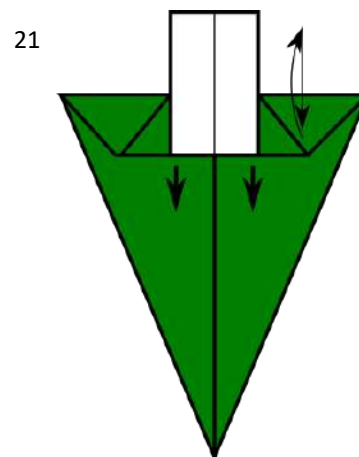

- ①⑨ Fold down on indicated line

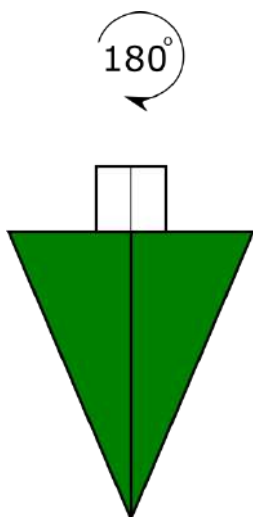

- ②⑩ Fold up so that all green is hidden when viewed from the other side

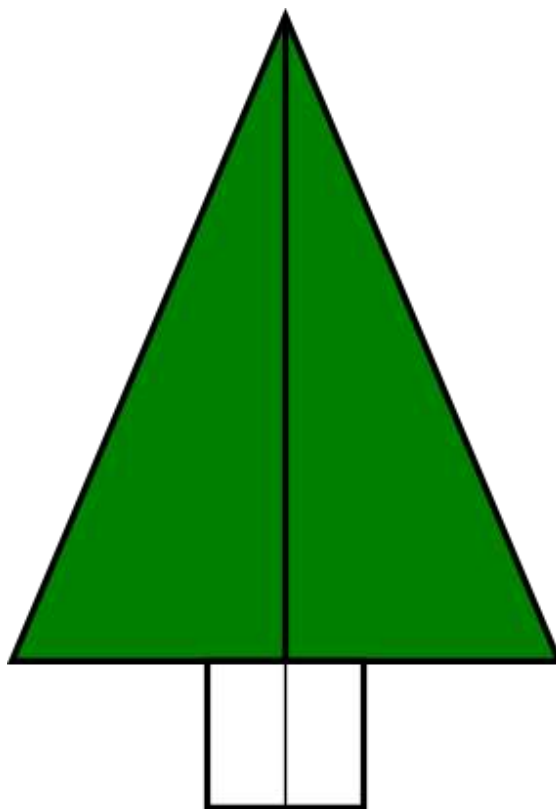

- ②⑪ Unfold crease made in step 19. There will be a pocket underneath. Tuck into pocket.

- ②⑫ Rotate 180 degrees

- ②⑬ Done! Attach hook.

Little Star Ornament

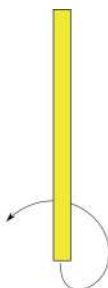

Little Star Ornament

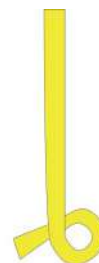

- ① Start with strip of paper with roughly a 1:15 ratio (2x28cm works)

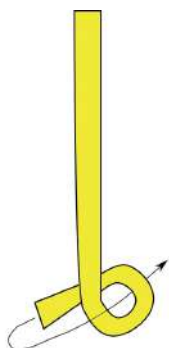

- ② Loop one end behind to start knot

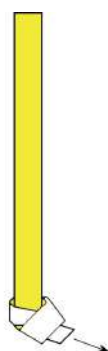

- ③ Loop should look like this

- ④ Take short end and feed it through hole

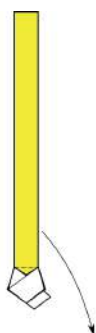

- ⑤ Knot should look like this. Pull and flatten.

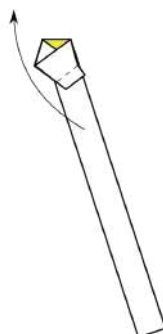

- ⑥ Final knot should form a pentagon

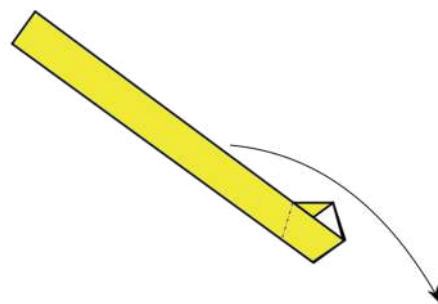

- ⑦ Mountain fold on one edge of the pentagon to begin wrapping the long end.

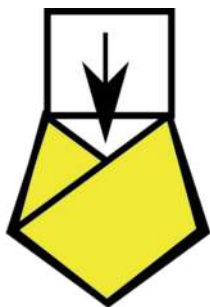

- ⑧ Valley fold back up along edge on pentagon.

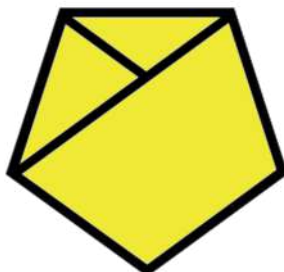

- ⑨ Continue wrapping pattern until only a small bit is left

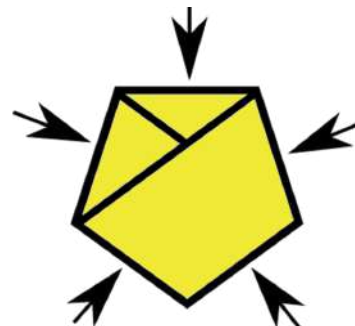

- ⑩ When finished, flip model to a side that looks like this. Tuck extra flap into pocket shown

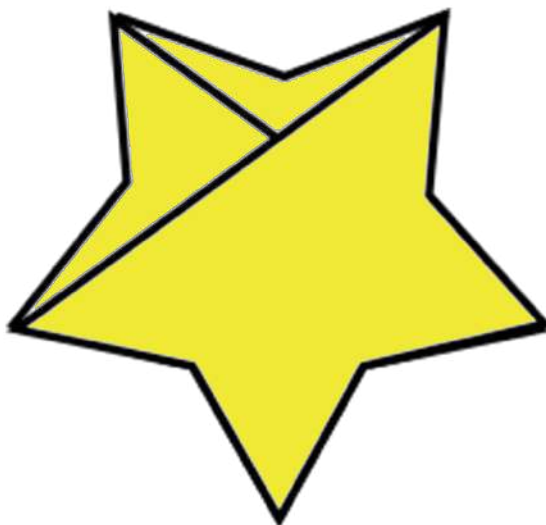

- ⑪ Once tucked, model should look like this

- ⑫ Pinch inwards slowly on sides. Star should inflate and become 3D

- ⑬ Done! Proceed to hanging Instructions.

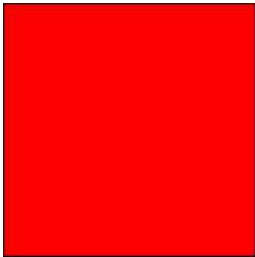

Cube Ornament

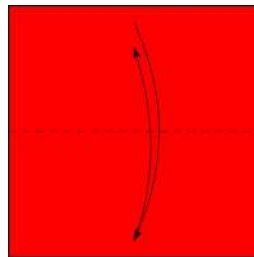

Cube Ornament

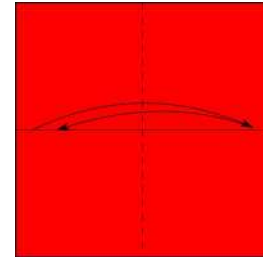

- ① Start with a normal origami square, pattern up

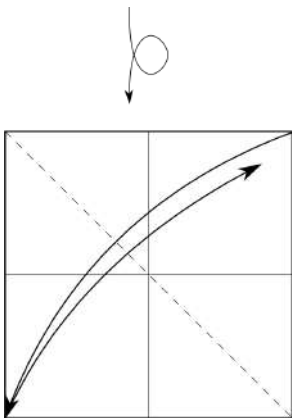

- ② Fold in half and unfold

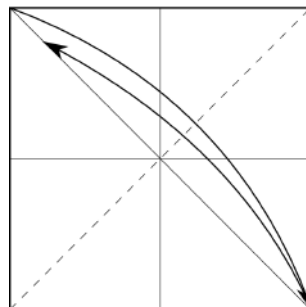

- ③ Fold in half the other way and unfold

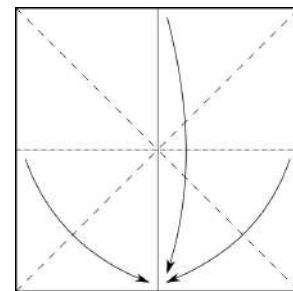

- ④ Flip over, and fold diagonally and unfold

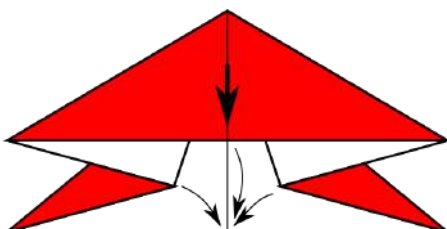

- ⑤ Fold in other diagonal and unfold

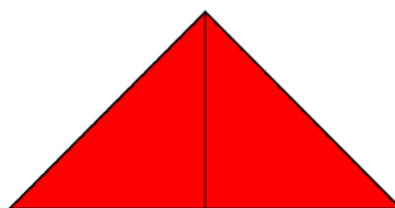

- ⑥ Press all edges to the bottom edge and valley fold on diagonals

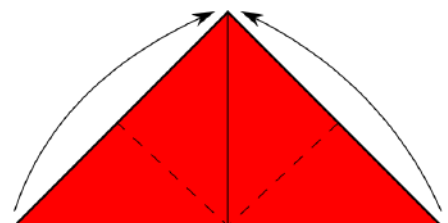

- ⑦ Press down on top edge

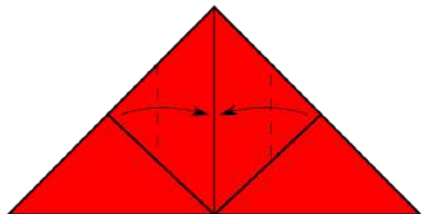

- ⑧ You should now have the Water Bomb Base

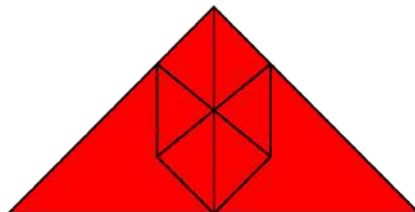

- ⑨ Fold left and right corners to the top point

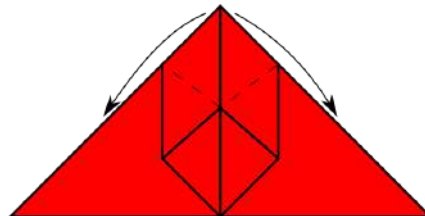

- ⑩ Fold corners into the center line

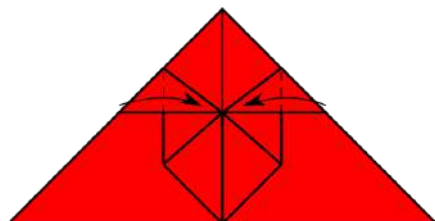

- ⑪ Corners should sit in the middle of the line

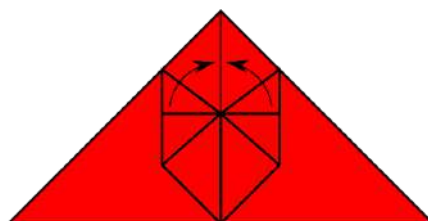

- ⑫ Fold both top flaps down and out

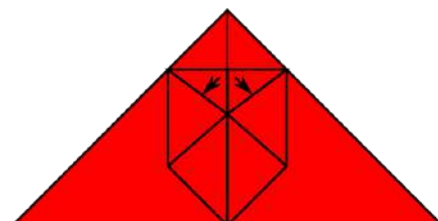

- ⑬ Fold both back in to create two triangular flaps

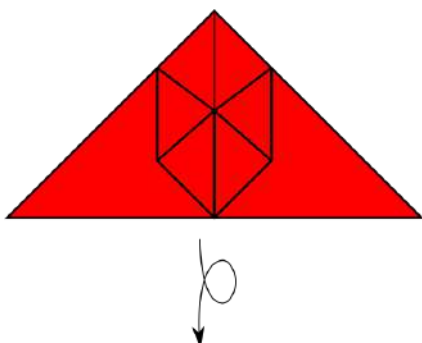

- ⑭ Undo fold in step 12

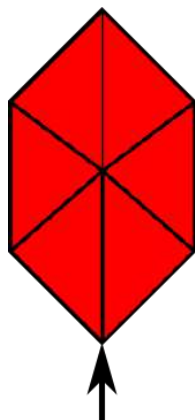

- ⑮ Two pockets should be present where arrows point. Tuck triangular flaps into pockets.

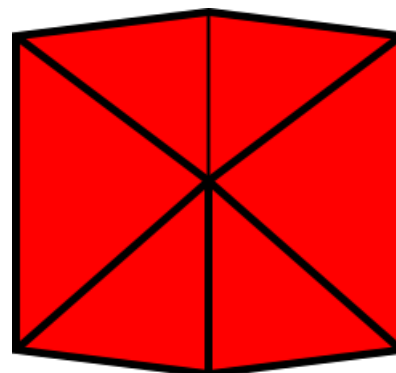

- ⑯ Flip over and repeat steps 9—15 on opposite side

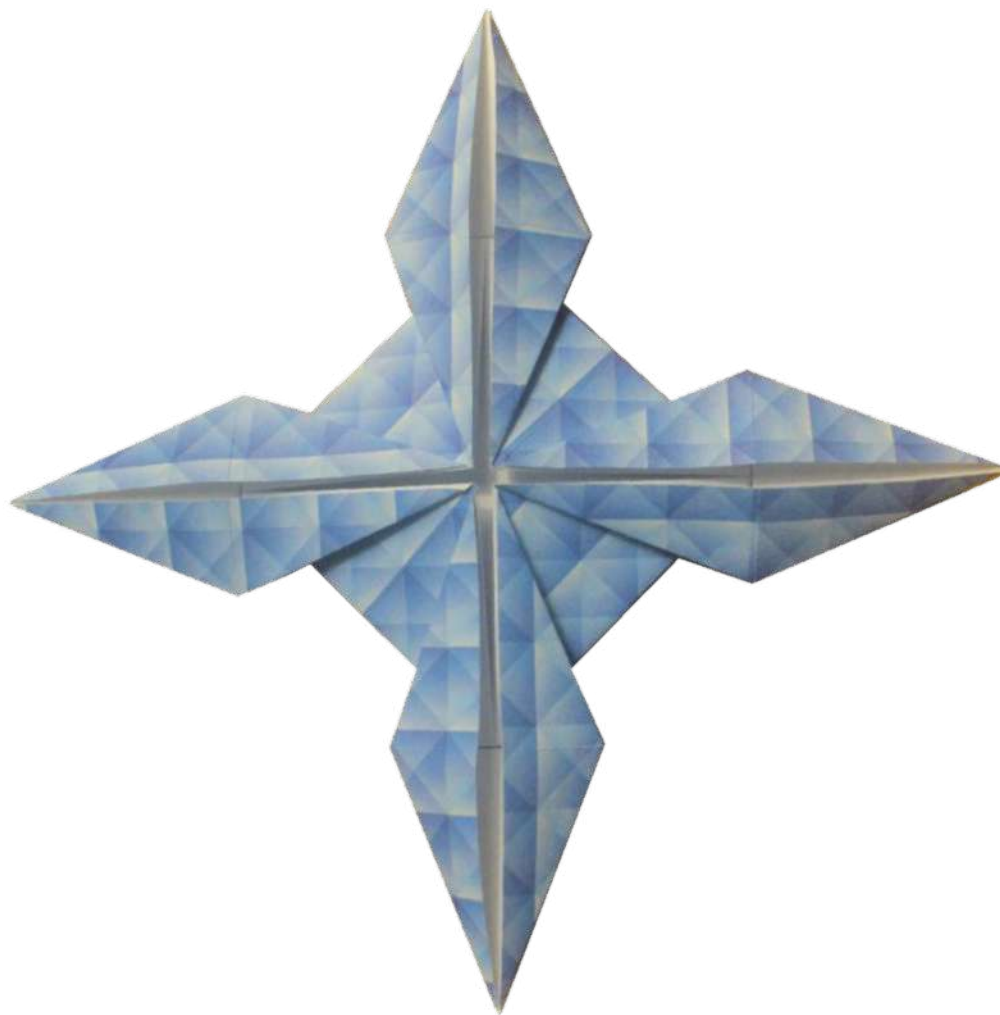

- ⑰ The bottom point of the model should have a hole. Blow into hole to inflate into cube.

- ⑱ Finished! Now check out the hanging instructions!

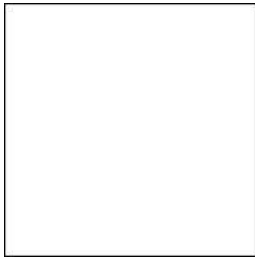

Christmas Star Ornament

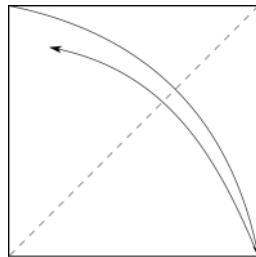

Christmas Star Ornament

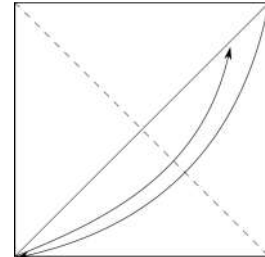

- ① Start with a normal origami square, pattern down

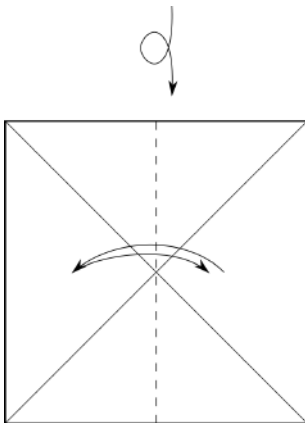

- ② Fold one diagonal, then unfold

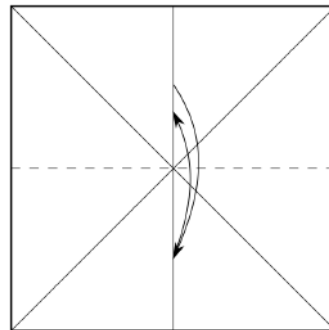

- ③ Fold other diagonal and unfold

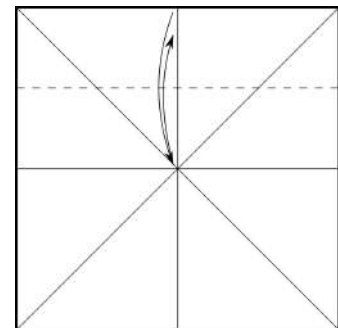

- ④ Flip over, and fold in half and unfold

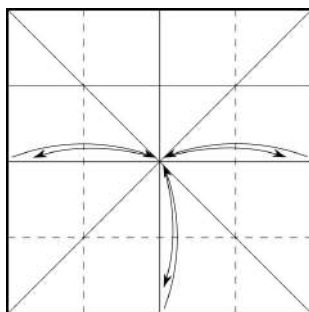

- ⑤ Fold in half the other way and unfold

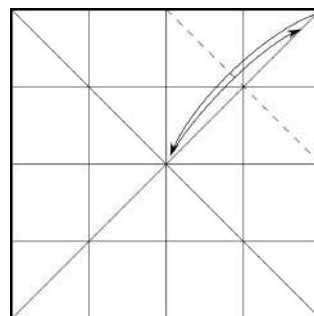

- ⑥ Fold top edge to be aligned with the center crease, then unfold

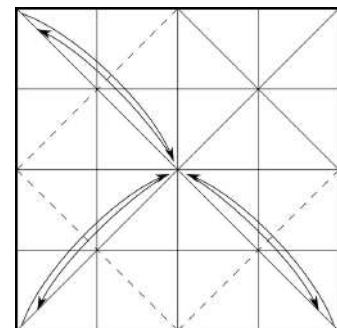

- ⑦ Fold all other edges to the center crease in the same way

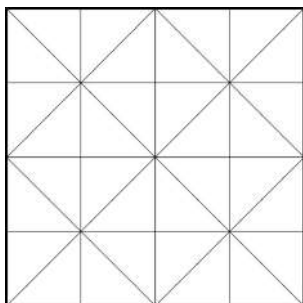

- ⑧ Fold top right corner into the center point then unfold

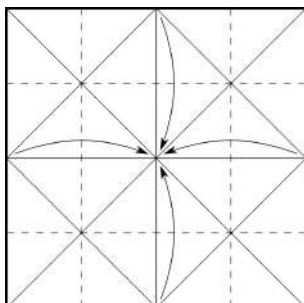

- ⑨ Do the same with other three corners

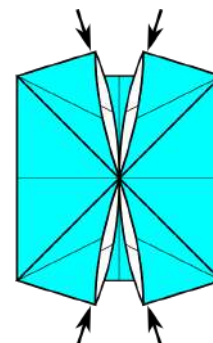

- ⑩ Finished fold pattern should look like this.

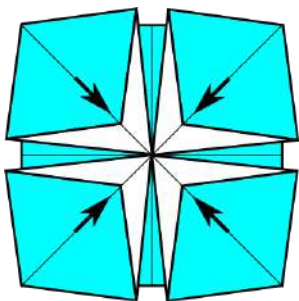

- ⑪ Fold all edges into the center at once, allowing corners to stick up

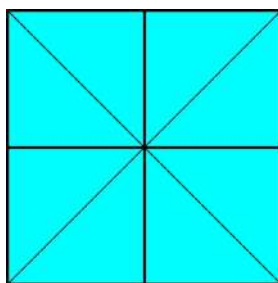

- ⑫ Model will look like this. Press down on corner flaps

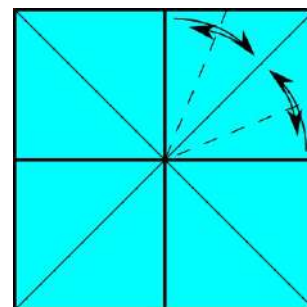

- ⑬ Keep pressing until they flatten out as shown.

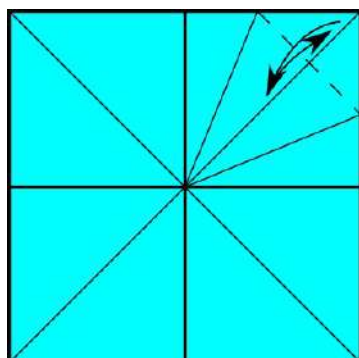

- ⑭ Model should look like this.

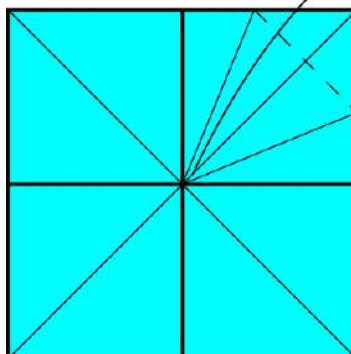

- ⑮ On upper right square, fold edges into diagonal and unfold

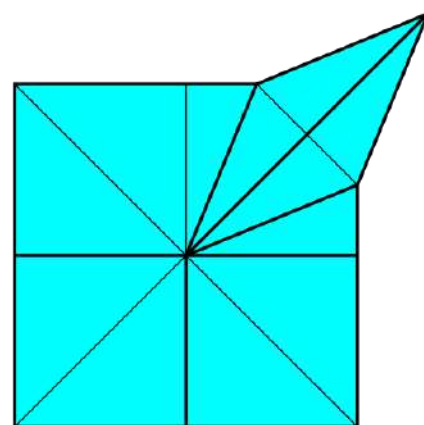

- ⑯ Fold upper right corner down as shown, then unfold

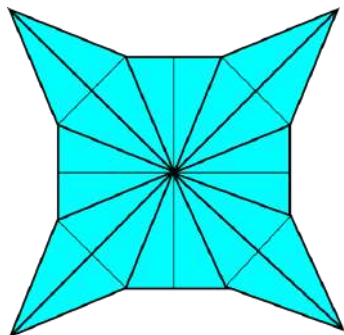

- ⑰ Petal fold the top layer by lifting up and allowing sides to collapse inwards

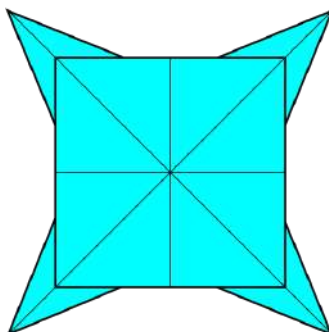

- ⑱ Result of petal fold should look like this.

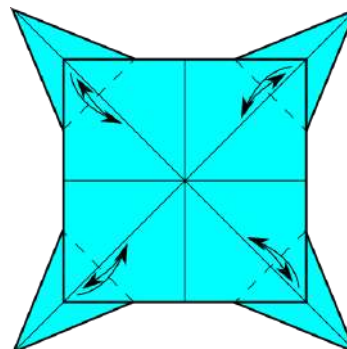

①9 Repeat steps 15 –18 on the 3 other squares

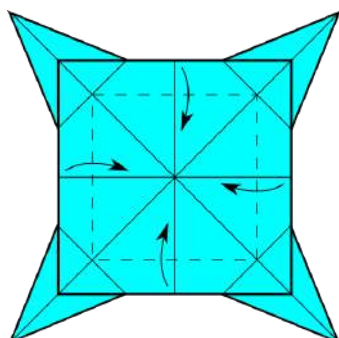

②0 Flip over

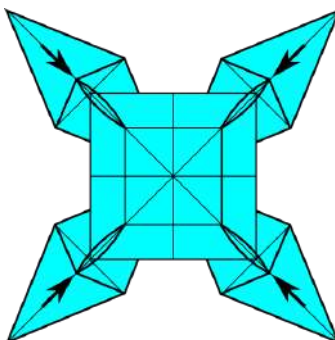

②1 Fold corners down as far as they can, then

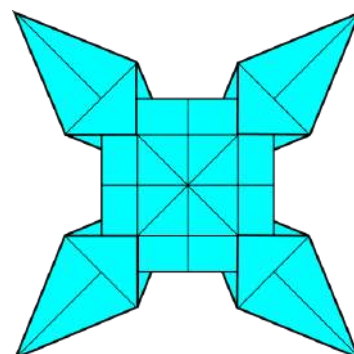

②2 Fold edges of square inwards where the previous crease crosses the diagonals

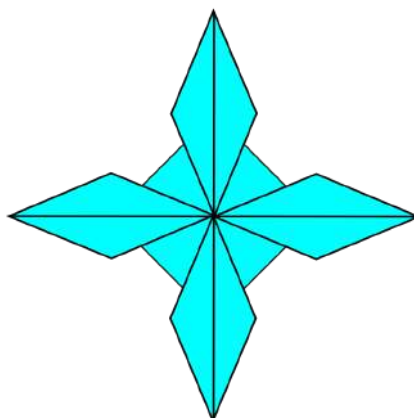

②3 Model should look like this. Press corners inwards and force fold them down

②4 Complete model should look like this. Flip over.

②5 Rotate 45 degrees and then attach a hook!

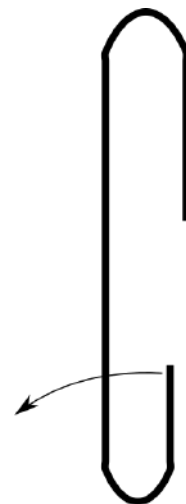

Hanging Instructions

- ① Take any sized paper clip and hold it in this orientation. Unbend the clip at the middle bend (bottom curve)

- ② Bend the smaller hook back to allow for easier taping

- ③ Unbend the larger hook slightly to allow for easier hanging

- ④ Tape bent smaller hook to the back of your ornament, and hang it up on your tree!

Happy Holidays to you and your family!
